/unconsent	Disallows a target player to move your corpse who had permission with /conser
/watch	Actively watches targeted performer
! !	Receat last command
:, !abc	Repeat the last thing you said that started with "abc"
\a∧b	Repeat the last thing you said that stated with a B
%	Variable
/u	YUHUUIG

Variables Use variables in your text in order to automatically insert words and names. Ex: looks at %NT in disgust

%TU	your full name (first and last)	%DU	personal objective pronoun: him/her/it for the speaker
%TT	your current look at target target's full name	%OT	him/her/it for your target
%NU	your first name	%PU	possessive: his/her/its for the speaker
%NT	your target's short version name (first only)	%PT	his/her/its for your target
%SU	personal subjective pronoun: he/she/it for the speaker	%RU	your species
%ST	he/she/it for the target	%RT	your target's species

Creds & Notes

SWG Online Manual:

Kevin "03P0" 0'Hara

Design & Layout:

Paul "ILL Robinson" Marino - illrobinson@illclan.com

This project was started way back during Beta 2 of Star Wars Galaxies. In my need to quickly access the online manual, I printed out the initial pages on a few 8 $1/2 \times 11$ sheets.

While playing, I tried to quickly flip through these printed pages -- which proved to be quite the challenge (and I have the papercuts to prove it!). With that (and to curtail the loss of blood), I then set out to produce a quick reference card - one that I envisioned the retail version of SWG would include.

As a designer, I gave thought to organizing this information in a somewhat condensed form as well as making it a creative project. I could also eventually give this back to the SWG community - both as a thank you to the DEVs for a great game and to the people playing, nay, living Star Wars Galaxies.

So here it is. Enjoy and -- May The Force Be With You. :)

Version: 1.3 - dated 06.29.03

Instructions

- 1. Print card (pages 1 & 2) on both sides of the same 8" x 14" legal-sized sheet.
- 2. Fold card at defined marks (dashed lines)
